Subject: Re: Reminder & Agenda for May 1st OR CZARA Managers Meeting

All--

To help us think through the NWEA meeting on May 7th and potential options, the tech team has prepared the attached doc highlighting key discussion points and things for us to consider.

We'll talk tomorrow. Should be a good discussion.

Allison

OR CZARA Managers Meeting

May 1 at 1-2 PM (Seattle) or 4-5 PM (DC area)

Non-Responsive

New Number) or Christine's Office

Focus: Preparation/Key Messages for May 7th Meeting with NWEA

May 7th Meeting with NWEA (50 minutes)¹

- Grant Funding²
- Active participants in meeting (vs listeners via phone)
- Approval/Disapproval
- Extension: length/basis

Non-Responsive due to agreement

Questions posed by Tech Team to Legal Team (5 minutes, time permitting)

¹ From NWEA's attorney "As to the content of that meeting, Nina would like to hear the agencies' extension proposal and then discuss how to phase the FOIA and final CZARA decision work going forward, so it's workable. She would like to resolve any decision deadline issues before (not after) the court-ordered deadline of May 15 because she's very interested in avoiding a repeat of what happened late last year, when EPA and NOAA missed the court-ordered deadline for proposing the final decision. Finally, she asked me to let you know that while she is open to extending the final decision deadline she is not really open to doing that in a way that continues full CWA and CZMA grant funding to Oregon after May 15. As you may be aware, paragraph two of the settlement agreement states: "After May 15, 2014, EPA and NOAA shall not award full CWA Section 319 or CZMA Section 306 grant funds to Oregon based on any conditional approval of Oregon's CNPCP." I'm mentioning this to you now because I want to give you a heads up that in any discussion about an extension NWEA will want to be clear about what's being extended."

²From the Settlement Agreement: "After May 15, 2014, EPA and NPAA *shall not award full* CWA Section 319 or CZMA Section 306 grant funds to Oregon based on any conditional approval of Oregon's CNPCP"
